

SPECIALIZED SECURITY SAFETY OFFICER VARIOUS LOCATIONS

FULL-TIME & PART-TIME/SEASONAL ROLES

MULTIPLE VACANCIES | JANUARY 2023 INTAKE

About Us:

Security Associates Limited is Bermuda's leading physical security specialist. Although we provide security to a variety of industries, we are currently looking for individuals to fill Specialized Security safety positions at a number of our clients. This challenging role will offer those with the right aptitude and capability to begin an exciting career as a Specialized Security professional.

As a provider of security, we believe in keeping people safe and secure, and making a difference to Bermuda security and safety. We achieve this through providing frontline security at various high-level security locations. Our Security team is dedicated and highly trained.

Our Specialized Security professionals monitor and patrol various areas of our high security level clients. They provide access control utilizing a variety of equipment such as x-rays and metal detectors at checkpoints while remaining visible and display exceptional customer service and communication skills.

About the Role:

As a condition of employment, Specialized Security Officers are required to undertake a mandatory paid training course; successful completion of this course will be a condition of your employment. Once you have successfully completed this training, you will obtain the client site-specific qualifications and or certifications and ongoing development opportunities are offered.

For some certifications, a refresher course must be successfully completed annually thereafter. Successful candidates will then complete hands-on training in the use of required equipment, as well as online training.

During this continued training, you will be required to pass an X-Ray Certification Test where required by the client, as officers are expected to have the skills and proficiency to utilize the x-ray equipment and must complete regular computer based learning. Applicants will also be subject to a background investigation in accordance with all Bermuda laws and are required to obtain a Bermuda Security Guard License.

Once signed-off as fully competent in the role, Specialized Security Officers have the following responsibilities:

- Carry out security screening of both persons and vehicles and other modes of transport.
- Use a variety of equipment and processes to ensure safety within the client location is not compromised
- Perform mobile, foot and static patrols in assigned areas
- Carry out checks to ensure ID cards are displayed appropriately in security areas
- Prevent breaches of security and safety in the area assigned
- Provide customer service to our clients by carrying out safety and security procedures, site-specific policies and when appropriate, emergency response activities
- Respond to incidents and critical situations in a calm, problem solving manner
